Dear Joy:-

I have joyous news for you. We would like you to be in New York next Monday if possible.

You can work behind the troupe for a week or so and then we have a definite place for you.

You had better bring along your birth certificate and all those papers that were so difficult to get while you were here.

Wire me at Music Hall just when you will arrive.

Miss Sherman and I want you to carry our very best regards to Miss Diane Day.

Kindest personal regards.

Cordially,
